

DVWCT and DVPLT Training Announcement

Seminar Title: **Generational Advantage
(Penn State Public Entity Leadership Certificate – Elective Course)**

Description: The nature of today's work means that talent integration is more important than ever yet we face unprecedented challenges given a workforce that spans four generations. This workshop explores perceptual blind spots, generational diversity as a gateway to other types of diversity, hiring and managing individuals from different age cohorts, effective communication, and always delivering value to those you serve. Case studies relevant to municipal environments will be examined. Turn generational gridlock into organizational synergy and leave with specific solutions for your organization.
