

DVWCT and DVPLT Training Announcement

- Title:** Cyber Security Awareness Training for Employees (Virtual Format)
- Description:** The human element makes a significant difference in the success of a cybersecurity program. There is no single technology or user behavior that will completely protect you or the organization from cyber incidents. Keeping you and the organization safe requires developing layers of both technical and human defenses.
- The training focuses on the human element of protecting information. It will help users recognize and reduce the risk of a cybersecurity breach.
- Presenter:** Neil McGarry, Director of IT, Delaware Valley Trusts
- Schedule:** Thursday, September 23, 2021
10:00 am to 12:00 pm
- Location:** Virtual Presentation via Zoom – a Zoom link with instructions will be sent to registrants about a week prior to the selected session.
- Eligibility/Cost:** Open to DVWCT and DVPLT members at no cost.
- Deadline:** Two weeks prior to training date.
- Questions:** Contact cbigham@dvtrusts.com or (267) 803-5720 or contact the Risk Control Department at (215) 706-0101.
